FLAIRSHOWERS.COM

Care, craftsmanship and quality since 1952 in the everyday.

Flair have been designing showering solutions for over 70 years and perfecting them since. Our products are beautifully designed and expertly engineered to stand the test of time in the busiest of bathrooms. From humble beginnings in Cavan, Ireland we are now a leader in creating quality showering solutions for the European market.

Flair products are beautifully designed and expertly engineered to work perfectly and stand the test of time by our team of designers in Dublin, Ireland. We have a real passion for design innovation and expertly manufactured products. Attention to detail is seen in Flair's design language and careful consideration is given to every aspect of our shower enclosure and wetroom designs. Customer care is a core value for us - a happy customer is at the heart of everything we do.

Flair are proud recipients of several international design awards and hold numerous patents for our **Harmony Collections**. In recent years, our ORO, ETO, ILI and AYO product collections have all been recognised for their excellence in design, innovation and product quality.

flair

At Flair our vision is to produce beautifully designed, expertly crafted showering solutions for every one and every space. Our purpose is to create **moments of joy in your everyday**. We do this by pushing the frontiers of shower design, with every little detail carefully considered to make the daily routine as harmonious as possible.

For many, showering has the power to lift spirits, calm the mind and invigorate. As you step into a Flair Shower, we encourage you to savour those **precious moments of joy** in your sacred daily rituals.

Surround yourself with beauty.

**FIND YOUR FLAIR.
CAPTURE THE MOMENT.**

DESIGN AWARDS

Flair are proud to have received three design accolades in recognition of the ORO shower door collection.

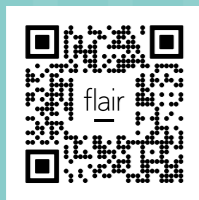

The **Good Design Award**, **RedDot Award**, and **iF Design Award** are seals of global design excellence and a testimony to our passion for product quality and innovation.

PATENTED MAGNETIC GUIDE

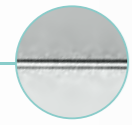

The patented Magnetic Guide System is the first of the kind in the industry. It ensures the smoothest of motion for each sliding door as it glides along the bottom rail.

THE ORO[®] COLLECTION

ORO - the epitome of grace & beauty.

With a graceful aesthetic, the award winning ORO collection is a union of design innovation and functional perfection. This signature collection sets the standard in frameless shower door design.

The hand crafted ORO door handles are one of a kind and distinctly individual. The patented magnetic guide system provides a smooth and effortless gliding action for each sliding door. Elegance shines through the curved profile and hinge detailing.

Each ORO detail is carefully considered to enhance your experience every day.

THE ETO[®] COLLECTION

Experience elegant practicality with ETO.

Crafted to seamlessly integrate into your daily routine, the ETO shower door collection combines robust design with clever functional innovations.

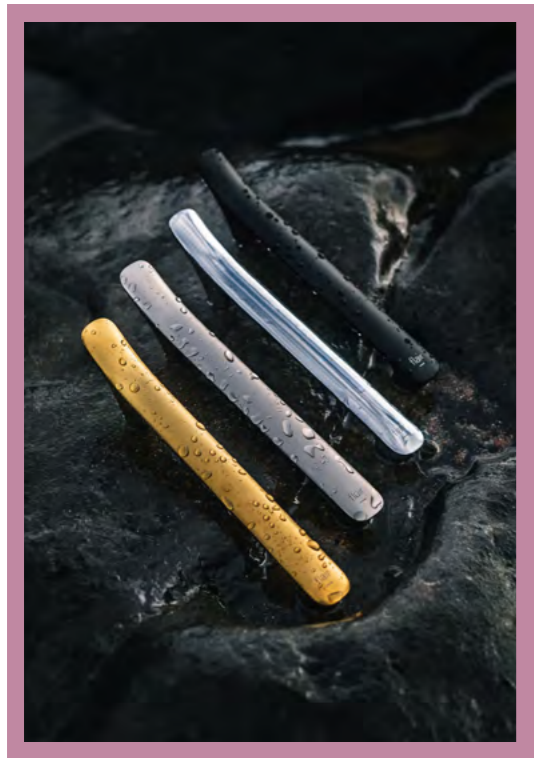

The uniquely shaped handle is beautifully precise and features a cleverly integrated towel hook. Softly curved hinges with a countersunk finish and a slim profile design create a refined shower door aesthetic.

The stylish yet functional simplicity of the ETO collection embodies Design with Purpose, a concept which lies at the heart of this collection.

PVD

The PVD coating is applied to high grade 304 stainless steel base material. The result is a superbly robust and hard wearing finish.

* Polished Stainless Steel is high grade 304 stainless steel.

THE AYO® COLLECTION

The AYO modular wetroom collection is crafted to create a truly personal shower experience.

Standing tall at a height of 2 metres, AYO comes in 8mm and 10mm glass which is treated with a hydrophobic coating that resists the build up of grime and lime scale.

With an abundance of configurations and fixture innovations such as recessed channels, fixed and rotating deflector panels, ultra-clear seals and stylish stabilising bar options, makes this a truly versatile modular wetroom system. AYO boasts 3 glass options - clear, fluted and opaque.

Now available in 9 high quality colour finishes, AYO will pair perfectly with other signature elements in any bathroom.

WHY WATERFALL

We challenged ourselves to do something that hasn't been done in the industry before, setting us apart, in the same way that our products do.

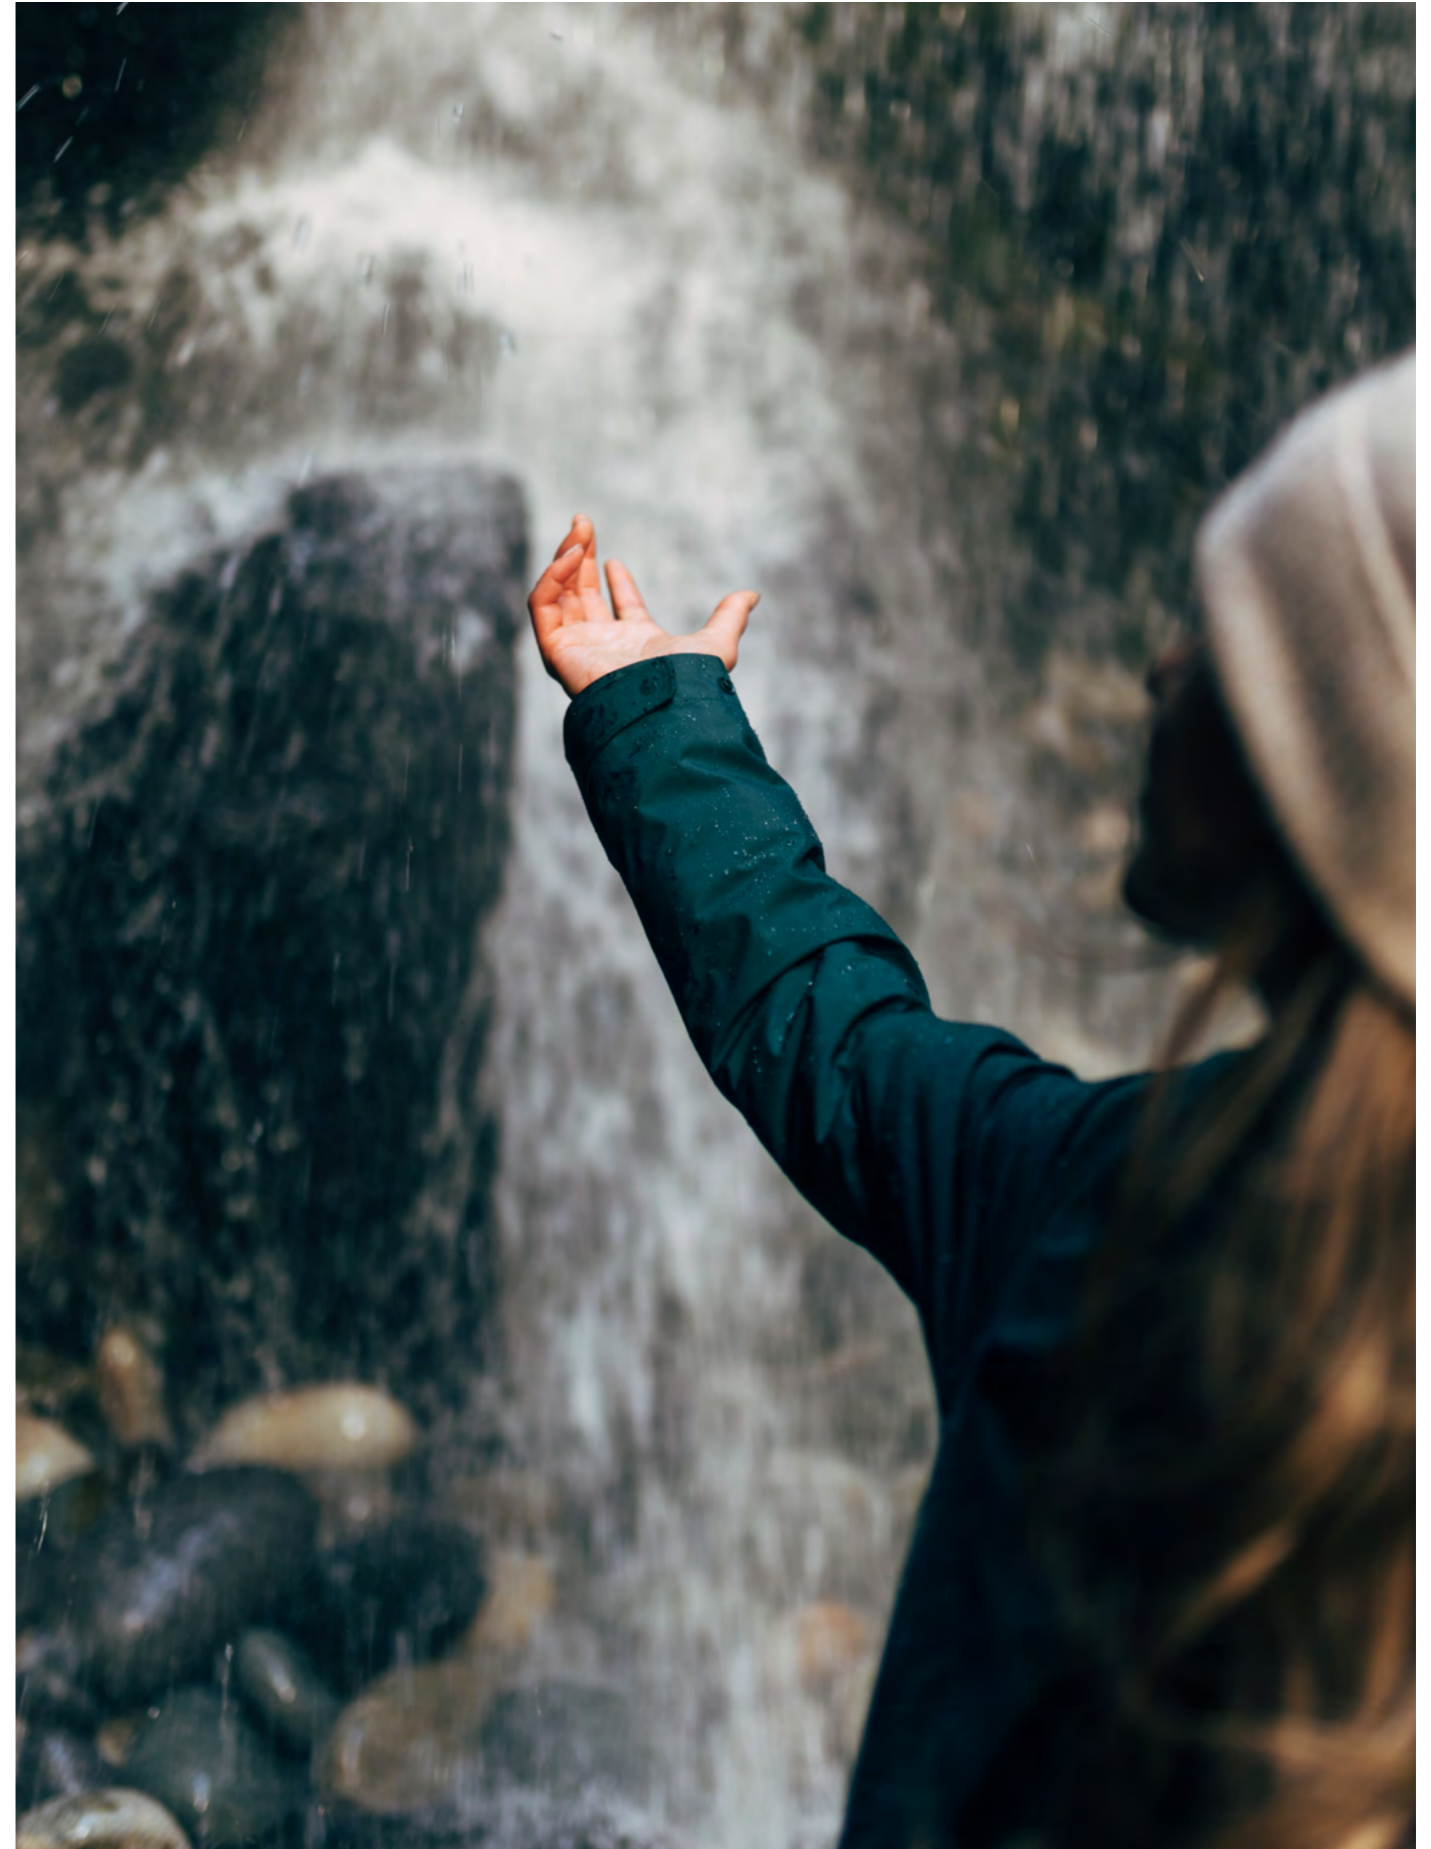

For this brand project, Flair has reimagined the communication of the Harmony Collections in a way never seen before, all the while allowing the product designs to glow. Creating Perfect Harmony™ between out there and in the bathroom.

What better way to communicate our brand essence than to bring our award winning products to an encapsulated secret waterfall on Ireland's Wild Atlantic Way. This rugged coastal location had an abundance of naturally formed beauty, with the curved shapes of the rock formations mirroring our product design language.

This is part of Flair's DNA, presenting our brand in a way unimaginable.
