## GOOD DESIGN AWARDS SUCCESS

Founded in Chicago in 1950, the Good Design awards honour product in design and manufacturing that have chartered a new direction with pioneering innovation. The jury awarded this prestigious accolade to AYO in recognition of its carefully considered design aesthetic coupled with the highest degree of functionality. Flair are passionate in our quest for meaningful design innovation and are proud to have received this seal of global design excellence for our latest product collection.

# THE AYO<sup>®</sup> COLLECTION

**The AYO Modular Wetroom Collection is crafted to create a truly personal shower experience for you.**

With an almost infinite choice of wetroom configurations, AYO Modular provides maximum flexibility as you personalise your dream shower space. Standing tall at a height of 2 metres, AYO comes in 10mm toughened safety glass which is treated with a hydrophobic coating that resists the build up of grime and lime scale. An array of fixture innovations such as flush wall profiles, clever ultra-clear seals and stylish stabilising bars provides maximum versatility as each wetroom aspiration becomes the reality.

The AYO Wetroom collection is available in Silver and Black profile colour as standard, with an almost infinite number of wetroom configurations possible in these finishes. To ensure perfect integration in your bathroom design, AYO is available in 4 additional premium finishes that will pair perfectly with other signature elements in your bathroom interior: Choose from Brushed Brass, Brushed Nickel, Polished Gold and Polished Stainless Steel to create your perfect bathroom retreat.

Mindfully designed, this comprehensive Wetroom Collection enables the creation of practical yet supremely elegant shower sanctuaries for you to enjoy.

# INTRODUCING AYO<sup>®</sup> COLOUR

Satisfying the balance between luxury and versatility, **AYO Colour** is an iconic range designed to transform your bathroom into the most perfect retreat.

The AYO Wetroom collection is available as standard in Silver and Black profile finishes, with an almost infinite number of wetroom configurations possible. The new **AYO Colour** collection offers 4 additional luxury finishes that will pair perfectly with the signature elements in your bathroom.

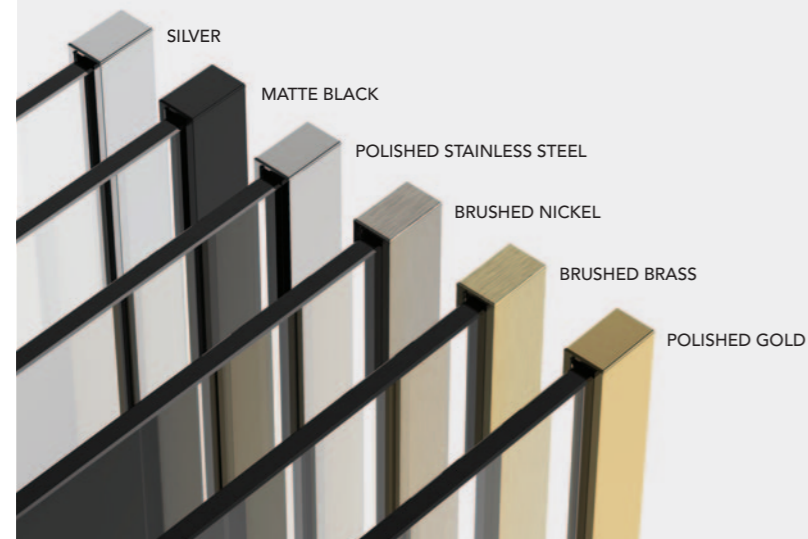

Enjoy extra design freedom by selecting from the following premium colour finish options;

- Brushed Brass (PVD)
- Brushed Nickel (PVD)
- Polished Gold (PVD)
- Polished Stainless Steel\*

With an unwavering focus on product quality, **AYO Colour** uses PVD technology to achieve an exceptionally durable surface finish. The PVD coating is applied to high grade 304 stainless steel base materials. **The result is a superbly robust and hardwearing wetroom designed to stand the test of time.** Testament to the quality of the surface finish, all **AYO Colour Wetrooms** are supplied with a Flair 20 year guarantee.

#### The Perfect Colour Match – Everytime

The PVD process allows Flair to more precisely match all **AYO Colour** sub-assemblies such as the wall profiles, cover caps and stabilising bars.

# AYO<sup>®</sup> COLOUR

## THE PVD PROCESS EXPLAINED

### PVD - PHYSICAL VAPOUR DESPOSITION

PVD is a technique that applies colour on an atomic level to a base surface inside a vacuum chamber. This process physically changes the original base material to the desired colour composition, meaning that the surface won't wear off or degenerate over time.

PVD is one of the most durable colouring technologies being up to 3 times harder and 10 times more scratch resistant than the alternative surface options.

## INFLUENCED BY SIMPLE AESTHETICS

The PVD Finish extends across a select offering of AYO components that includes a 15mm Wall Profile, 1200mm Straight Stabilising Bar, 650mm Angled Stabilising Bar and T Piece.

For PVD Colour Product offering information  
Please see page 56

# STABILISING SOLUTIONS

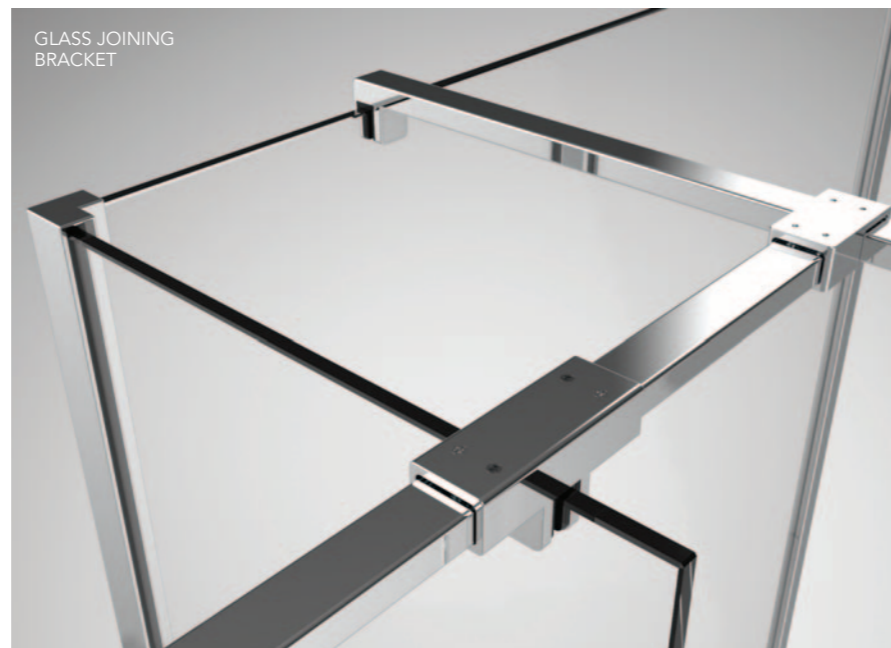

The subtle contours of each AYO stabilising bar delivers the perfect blend of form and function. Each fixation bracket is masterfully engineered for durability, with screw points discreetly concealed from view.

An array of Stabilising solutions are available in the standard Stainless Steel and Black options.

## AYO COLOUR

Note: The following stabilising bar options are available in Brushed Brass, Brushed Nickel and Polished Gold PVD finish:

- 1200mm Straight Stabilising Bar
- 650mm Angled Stabilising Bar
- T Piece

# PROFILE SOLUTIONS

An array of wall profile solutions provides maximum versatility as each AYO wetroom aspiration becomes the reality.

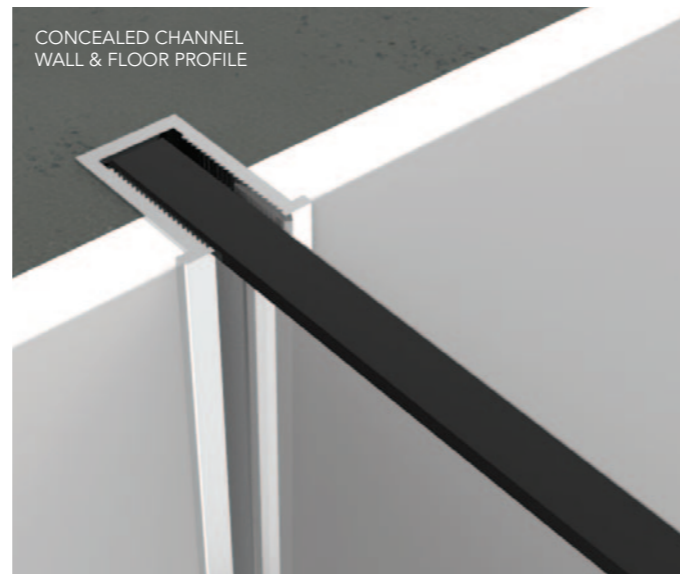

All Profile solutions are available in the standard Silver and Black options.

## AYO COLOUR

Please note: 15mm Wall Profile is available in the premium colours Brushed Brass, Brushed Nickel, Stainless Steel and Polished Gold.

# THE AYO® 8MM FRAMED COLLECTION

## MATTE BLACK ONLY

The contemporary industrial aesthetic inspired by factories and warehouses is now an established trend in bathroom design. With this in mind, the AYO Framed collection is carefully curated to deliver a striking look in the showering zone.

Standing at impressive 2 metres tall, each AYO Framed screen is coated with a Hydrophobic coating to repel against unwanted grime and limescale.

Silk screen print technology enables the interior of all AYO framed screens to retain a flush finish for ease of cleaning and maintenance. Each 8mm toughened glass panel is firstly **silk screen printed** with the black framed design applied to the glass exterior. **Black anodised metal profiles** are then bonded to the exterior of the glass panels.

Expertly designed each AYO glass panel is fully surrounded by a robust metal frame, providing maximum durability for the hardworking bathroom environment.

<b>8mm</b> TOUGHENED SAFETY GLASS	<b>2000mm</b> HEIGHT	REVERSIBLE	WETROOM OR SHOWER TRAY INSTALLATION
CLEARVUE GLASS COATING	ANODISED BLACK PROFILES ONLY	CONCEALED FIXINGS	ALTERNATIVE FIXING OPTIONS
ANODISED MATTE BLACK METAL FRAME	20 YEAR GUARANTEE		

**Matte Black Anodised Finish Explained**  
Anodising is an electrochemical process that converts the metal surface to a durable, corrosion resistant, anodic oxide finish. The aluminium oxide finish is not just applied to the surface like a paint or plating, but it is fully integrated with the underlying aluminium substrate so that it cannot chip or peel.

For AYO FRAMED, this means a superbly robust product that is designed for the busiest of bathroom environments.

FRAMED WETROOM  
CONFIGURATION 5

LINEAR FRAMED CORNER WALK IN WETROOM

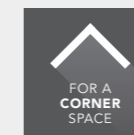

# FRAMED CORNER WALK-IN WETROOM

Make a visual statement by choosing a sleek and stylish AYO Framed Corner Walk in wetroom.

The black anodised metal profiles fully surround each glass panel and ensure maximum durability in the busy bathroom environment. These AYO Framed fixed glass panels form a luxurious wetroom arrangement that minimises water spray into the bathroom. Easy to clean, each glass panel retains its flush interior finish and has the added bonus of a hydrophobic coating that repels unwanted grime and limescale.

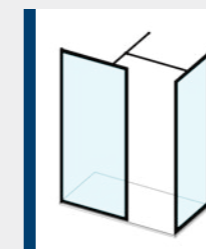

Choose from two striking design options - The Framed Wetroom or Linear Framed Wetroom style.

FRAMED CORNER WALK IN WETROOM

# FRAMED WETROOM PANEL

The AYO framed wetroom panel brings a subtle industrial design aesthetic to the bathroom.

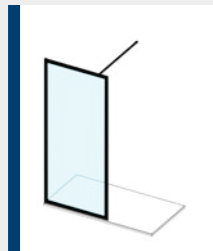

Each framed wetroom panel is constructed from 8mm toughened safety glass that is fully encased by a sturdy matte black anodised profile.

Specialist silk screen print technology is used to achieve the framed design whilst enabling the interior of the glass to retain a flush finish for ease of cleaning and maintenance. Each wetroom panel is supported by minimalist stabilising bars providing the reassurance of durability for busy family bathrooms.

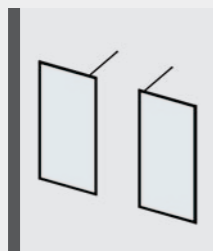

Choose from two striking design aesthetics - The Framed Wetroom or Linear Framed Wetroom style.

# FRAMED LINEAR BATHSCREEN

The AYO Linear Framed Bathscreen is inspired by the industrial look – it exudes a bold charm that will make a design statement in any bathroom.

The 8mm toughened glass is robustly surrounded by an anodised matte black frame. Silk screen print technology ensures that the interior of this bathscreen retains its flush finish, making cleaning a hassle free experience. Clearvue hydrophobic coating on the glass repels any grime or limescale build up.

Choose a bathscreen of distinction with the AYO linear framed option.

GEMSTONE

## GEMSTONE SLATE TEXTURED TRAYS

The Gemstone brand is synonymous with quality and style. This extensive selection of slate textured shower trays compliment the most beautiful of bathroom designs. With an ultra minimal height of 25 to 30mm, each tray is anti-slip rated and available in 4 colour options - Onyx Black\*, Graphite Black, Flint Grey or White

Choose from square or linear shape waste options, with both chrome or colour matched grille finishes available depending on customer preference. Both visually appealing and sensual to touch, a Gemstone shower tray will work perfectly in a wide variety of bathroom applications, be they classic, modern or contemporary in design.

\*Onyx Black only available in 25mm height, Square waste.

FLINT GREY TRAY WITH LINEAR WASTE

# GEMSTONE TRAYS

## KEY FEATURES

Slate texture – a natural stone resin composite with gel coat finish

## GEMSTONE INFORMATION

### GUARANTEE

Your Gemstone tray must be inspected 100% before installation. Fitting of tray is acceptance of quality. Please read fitting instructions fully before installation.

Before tiling and placing the screen or any other fixed material on the shower tray, please make sure that the perimeters of your tray are 100% level in all directions.

The guarantee only covers the replacement or repair of the product and excludes any other compensation, assembly or travel costs.

Gemstone Trays are guaranteed for 2 years, in accordance with current European regulations.

**The following are excluded from the guarantee:**

- Damage caused by misuse
- Damage caused by the use of unsuitable cleaning materials (do not use products containing acids, alcohol, chlorine or solvents, do not spill drain cleaners onto the shower tray, do not use metallic or scouring pads)
- Damage caused by improper installation
- Damage caused by the improper handling of the product

Our products must be installed by qualified personnel to be eligible for the product guarantee. An installation guide will be delivered with the tray for its proper placement.

**Before installing the tray you should make sure that:**

- The tray drains well and is 100% level
- It has no anomalies
- **The tray has been stored in a horizontal position, on a flat surface, until installation**

### CLEANING

- Routine: rinse and leave to dry
- Thorough: rub with a soft cloth with neutral liquid detergent; for limescale prevention use an anti-lime product

**Please note, Gemstone Trays are manufactured from a natural stone resin composition. You must allow for a tray thickness tolerance of 2 - 3mm.**

### CHEMICAL TESTS

Chemical resistance tested in accordance with UNE-EN 12527 - No deterioration.

### CHEMICAL TESTING COMPOSITION

Acetyl acid (10%), sodium hydroxide (10%), ethanol (70%), bleach, methylene blue (1%).

CLEANING SOLVENT (PRODUCT)	EXPOSURE TIME (DAYS)	RESULT OF VISUAL INSPECTION
Don Limpio Neutral PH	4	No Visible Effect
Perfumed Home Bleach	4	Slight Bleaching
Ace	4	Slight Bleaching
Perfumed Ammonia	4	No Visible Effect
Viakal	4	Slight Bleaching
Cillit Bang	4	No Visible Effect
KH-7 Anti-lime	4	No Visible Effect
White Wine Vinegar	4	No Visible Effect
Povidone Iodine	4	No Visible Effect
Hydrochloric Acid	4	No Visible Effect
Hydrogen Peroxide	4	No Visible Effect
Cleaning Solvent	4	No Visible Effect
Methylated Spirits	4	No Visible Effect
Acetone	4	No Visible Effect
Nail Polish Remover	4	No Visible Effect

### PACKAGING AND STORAGE

The products are delivered packed in individual boxes with expanded polystyrene reinforcements, including the drainage grate. **Gemstone trays must be stored in a horizontal position on a flat surface until installation. This prevents the tray from losing shape.**

### FAQ

#### Can it be cut?

Yes, with a diamond cutting wheel.

#### Can it be repaired?

Although they are highly resistant to any impact, we have a repair kit available to the customer. Please contact us on 00353 42 966 8000 to order your Gemstone Tray repair kit. Lead time applies.

#### How should the product be cleaned?

We recommend cleaning with water and neutral soap, applied with a sponge, never with scouring products or tools.

#### What material should I use to install the products?

Your Gemstone tray must be installed on a fully level glue-cement or mortar base. For sealing the product, it is recommended to use MS flexible polyurethane sealant and / or a neutral silicone.

# QUALITY GUARANTEED

At Flair we have an unwavering commitment to product quality.

All AYO Wetroom Solutions are CE approved and manufactured in accordance with ISO 9001:2000 Quality Assurance systems. All glass is toughed safety glass and produced to EN12150.

Flair products are performance tested to EN14428. AYO rotating panels have been subject to lifetime shower door cycle testing consisting of 20,000 functional cycles.

AYO Wetroom Solutions are also tested for their durability, stability, and water retention properties to ensure that they meet the highest possible industry standards. Please note - Due to the weight of this product it requires a two man lift.

## AYO Guarantee

AYO Wetroom Solutions are covered by a 20 year guarantee against manufacturer defect. This guarantee is valid on the condition that goods are installed and maintained in accordance with the products fitting instructions and best practices. **Note: Non glass and detachable parts such as seals and cover caps are subject to normal wear and tear during usage and are under statutory guarantee for 2 years from time of purchase.**

We ask our customers to register their guarantee online at [www.flairshowers.com](http://www.flairshowers.com) or return the guarantee card that comes with every AYO door.

## Aftersales & Spare Parts Service

Flair is 100% committed to customer service excellence. We carry a full range of spare parts for each of our product ranges and have dedicated aftersales representatives to deal with any issues you may have.

If you would like to talk to our customer aftercare team, please contact us on +353 42 966 8000.

## Cleaning Guidelines

- Glass: Use a soft cloth and warm soapy water; rinse off thoroughly.
- Metallic Surfaces: Use a soft cloth and warm soapy water. Rinse off thoroughly.
- Do not use "Spray & leave" cleaning products on the metal surface as these will cause damage to your product. These include acidic based cleaning products, bleaches, solvents or abrasive pads. Only use detergents, cleaners and limescale removers with a pH of 5-8.
- The constant use of detergents will degrade the finish of the product over time if not thoroughly rinsed off.
- In hard water areas, regular cleaning of your Flair door will help to prevent the build-up of limescale. Stubborn deposits of limescale can be removed with warm soapy water.
- Check your shower door for functionality periodically. Ensure that the wheel track is free from any grit / dirt which may have collected over time.

## INSTALLATION

Full installation instructions are provided with each AYO product to ensure correct installation. AYO Wetroom Solutions are adjustable between the dimensions stated. All dimensions are approximate.

## CONDITIONS OF SALE

Unless otherwise stated, all price quotations are subject to acceptance within 30 days of date of issue. Other than in the case of faulty goods / incorrect despatch, Flair will not accept the return of any product.

AS PART OF OUR CONTINUING POLICY OF PRODUCT IMPROVEMENT, WE RESERVE THE RIGHT TO AMEND SPECIFICATIONS, COLOURS AND PRICES WITHOUT PRIOR NOTICE.

\*Errors and Omissions Exempt.
